

# Instructions

## **Military / SOFA status**

\*Military who is in active duty must be seen by a doctor at on-base hospital/clinic first.

For patients besides active duty must follow the instructions below.

You must get confirming letter from their supervisor or person in charge in purpose of visiting our hospital, and to testify that there is no COVID infection around you.

\*If there is no official letter can be issued by your work place, please download hospital "Confirming Letter" on hospital website.

If you can't get the confirming letter for some reasons, we will ask you to provide us your Social Security Number or DoD ID number and signature on "Confirming letter" instead of getting the signature from your supervisor.

After getting the confirming letter, you have to contact our International Medical Support Department, and confirm with us, and staff will check if your symptom can be seen at our hospital.
